DESCRIPTION

Timeless in their simplicity and elegance, these six 3107 chairs, also known as the Series 7, were designed by Arne Jacobsen in the 1970s.

Crafted from a single piece of thermoformed teak plywood, the seat and backrest seamlessly flow into each other, supported by a sleek, chrome-plated metal base. The chairs exhibit a beautiful patina, with subtle traces of use that enhance their character.

The original plastic cab is present, confirming their authenticity.
