

USM Haller Coffee Table, Switzerland, circa 1970

€450

REF: 7750

Height: 36 cm (14.2")

Width: 77 cm (30.3")

Depth: 52 cm (20.5")

## DESCRIPTION

---

Coffee table from the USM Haller modular system, developed by Paul Schärer and Fritz Haller from the 1960s onward and produced in Switzerland.

The table features a modular structure made of chromed steel tubes assembled with the iconic USM spherical connectors, creating a precise and well-balanced volume. The dark grey top fits seamlessly within the metal framework, emphasizing the system's architectural logic and structural clarity. The overall design is defined by

Formes Utiles

stability, formal rigor and an explicitly industrial aesthetic.

Designed according to the principles of Swiss rational design, this coffee table reflects USM's ambition to create modular, durable and adaptable furniture, suitable for both domestic and professional environments. It integrates naturally into contemporary interiors while retaining a strong modernist identity.

Manufacturer : USM, Switzerland.
